TARGET: STRATEGIC INTERN - INTERNATIONAL ADVERTISING STRATEGY

SUMMARY

2027 International Finance and Trade undergraduate with experience in North American creator ecosystems, international business development, strategic research, and global user operations. Built a database of 100+ U.S. creators, delivered 2 strategy reports including a vivo S30 market analysis, and converted international user research into 2 product updates. Business English (IELTS 7.0) and proficient with mainstream AI tools for English desk research, data organization, insight synthesis, and content production.

EXPERIENCE

HR & Talent Partnership | North America Creator Business

flinkbrandcoach

09/2025 - Present | Houston/LA (Remote)

- **Creator Ecosystem Analysis:** Built and maintained a database of 100+ U.S.-based creators across Instagram Creator Marketplace, Glewee, Facebook Groups, and authorized LinkedIn outreach; tracked the channel funnel, achieved a 35% response rate, and expanded the creator pool by 60%.
- **Business and Content Insight:** Translated short-form content needs into creator profiles and screening criteria, supporting 10+ projects by coordinating creative, talent, production, and client teams across time zones.
- **Process Improvement:** Standardized screening, scheduling, onboarding, reminders, and handoffs through Google Calendar and shared SOPs, improving execution consistency for repeat creator collaborations.

Business Development

fenz.ai

06/2025 - 09/2025 | Palo Alto

- **Market and Industry Research:** Produced 2 strategy reports, including a vivo S30 market analysis, synthesizing market information, business drivers, and competitive intelligence to support client positioning and BD outreach.
- **Business Opportunity Analysis:** Structured and tracked 50+ leads in CRM, converted 15% into pilot clients, and secured 5 qualified partnerships through GenAI Summit 2025 and targeted follow-up.
- **Reporting Optimization:** Standardized sales progress, status definitions, and key follow-up points, improving team response efficiency by 20%.

User Operations & Growth Lead

Jaaz.ai

08/2025 - 11/2025 | Remote

- **Global Growth Analysis:** Built a Discord community from 0 to 1,000+ members in 3 months and tested tiered rewards and multi-platform campaigns across X, Discord, and Telegram, increasing weekly active users by 55%.
- **User Research and Insight:** Conducted international surveys and interviews, built an FAQ and feedback repository, reduced repetitive inquiries by 30%, and worked with Design/Tech to launch 2 product updates.

EDUCATION

International Finance and Trade (Sino-US Cooperative)

University of Shanghai for Science and Technology | 09/2023 - 06/2027 | GPA 3.81

- **Coursework:** Management, Microeconomics, Corporate Finance, Business Analysis, and American Literature.

Communication and Economics

University of California, Los Angeles | 06/2025 - 09/2025 | GPA 3.7

PROJECTS

North America Creator Ecosystem & Business Opportunity Analysis

Researched the North American creator ecosystem through Instagram Creator Marketplace and Glewee, building a database of 100+ U.S. creators. Established a discovery–outreach–screening–partnership funnel, achieving a 35% response rate and expanding the creator pool by 60%. Translated client needs into creator personas and screening criteria, coordinating cross-functional teams across 10+ short-form video projects.

vivo S30 Market & Competitive Strategy Research

Conducted English-language desk research and competitor benchmarking to analyze vivo S30's market environment, user needs, product positioning, and competitive landscape. Synthesized industry trends, competitor intelligence, and business drivers into a dedicated market analysis that contributed to 2 strategy reports. Identified product differentiators and potential commercial opportunities to support client positioning, BD outreach, and partnership discussions.
